

## Release Notes

The SmartList Builder upgrade follows the supported upgrade paths from 2010 and 2013 that are available for Microsoft Dynamics GP. You can find these on PartnerSource or CustomerSource in the Upgrading to Microsoft Dynamics GP 2015 Hot Topic.

SmartList Builder and Navigation List Builder will work with the Microsoft Dynamics GP 2015 Web Client. Excel Report Builder and Drill Down Builder are not available on the Web Client.

## Installing

If you are currently using Microsoft Dynamics GP 2015, you just need to run through installation steps for this new build of SmartList Builder. The documentation on how to install can be found in the SmartList Builder Manual in Section 2.

## Upgrading

If you are currently using Microsoft Dynamics GP 2010 or 2013, SmartList Builder will need to be run through the update process. The documentation on how to upgrade can be found in the SmartList Builder Manual in Section 3. Please be sure to review these steps as there is a process that needs to be followed to update correctly.

## Registration Keys

After installing this SmartList Builder build, you will need registration keys for it. These keys are available from your Partner or by calling eOne at 888-319-3663.
