

## Prerequisites

Installing SmartList Builder 2010 on Microsoft Dynamics GP requires Microsoft Dynamics GP version 11.00.1752 or higher. This version is available in Service Pack 2 (KB 2435566) or newer Service Pack, Hotfix, or Compliance Update Patch release for Microsoft Dynamics GP 2010.

## Release Notes

The SmartList Builder upgrade follows the supported upgrade paths from 9.0 and 10.0 that are available for Microsoft Dynamics GP. You can find these on [PartnerSource](#) or [CustomerSource](#) in the Upgrading to Microsoft Dynamics GP 2010 Hot Topic.

## What's New

This release is for new SmartList Builder customers and to convert from the Microsoft version of SmartList Builder to the eOne version and does not contain any new features.

## Installing

### **New SmartList Builder Customer:**

If you aren't currently using SmartList Builder in Microsoft Dynamics GP 2010, you just need to run through installation steps for this new build of SmartList Builder. Please note that before doing so, you must have at least Service Pack 2 installed for Microsoft Dynamics GP 2010. The documentation on how to install can be found in the SmartList Builder Manual in Section 2.

### **Existing 2010 SmartList Builder Customer:**

If you are currently using SmartList Builder in Microsoft Dynamics GP 2010, you just need to run through installation steps for this new build of SmartList Builder. Please note that before doing so, you must have at least Service Pack 2 installed for Microsoft Dynamics GP 2010. The documentation on how to install can be found in the SmartList Builder Manual in Section 3.

## Upgrading

If you are currently using Microsoft Dynamics GP 9.0 or 10.0, SmartList Builder will need to be run through the update process. The documentation on how to upgrade can be found in the SmartList Builder Manual in Section 4. Please be sure to review these steps as there is a process that needs to be followed to update correctly.

## Registration Keys

After installing this SmartList Builder build, you will need registration keys for it. If you previously had SmartList Builder installed, once you install this update, you will need to enter new registration keys for SmartList Builder as it will not read the key from your Microsoft Dynamics GP keys. These keys are available from your Partner or by calling eOne at 888-319-3663.

**Please be sure to read the Installation or Upgrade steps in the SmartList Builder manual before installing this new build.**

## Fix List

11.00.0059

- Added Table Finder Feature
- Added Preview Feature
- Changed Date Formatting in Excel Report Builder to Number using Dex.ini switch
