

Thank you for taking time to inquire about eOne pricing. Below is the complete price list for eOne Solutions' products and services. If you have any questions or need more information – reach out to the eOne team by emailing sales@eonesolutions.com – we'd be happy to help you!

(Note: Regions not specified will be charged using US Pricing. Annual maintenance payments are required with the product purchase and will be assessed at 17.5% of the total product price. NB: Sales transactions will be charged in the local currency stipulated by your sales region. No GST applies to sales outside of Australia.)

Recommendations

Whether you have decided on an on-premise or cloud-based solution, it is highly recommended that each customer receives training and support on the products. We offer a wide variety of support and training options, as well as a service team that can act as an extension to your team if you do not have time to implement your project. Please take a look at the training, support, and service offerings on the next page for more information. If you'd like more details, please reach out to sales@eonesolutions.com.

*Additional connections may be purchased with the Premium Plan.

What's a connection?

A connection refers to any system that you want to integrate to or from. It may be a 365 Sales/CRM organization, a Dynamics NAV on-premise solution, Salesforce instance or any of our available connectors. When you create that "connection" you are then able to use it in a data source or as a destination.

Generic data sources such as Excel, Text or XML files do not require a separate connection to be setup. These do not count towards your connection limit. Learn more at www.smartconnect.com/pricing.
