What is a connection?

A connection refers to any system that you want to integrate to or from and would technically log into as a user. As an example, it may be a Dynamics 365 Sales/CRM organization, a Dynamics 365 Business Central on-premise solution, Salesforce instance or any of our available connections. When you create that connection you are then able to use it in a data source or as a destination.

Please note that for files specifically, when you configure a file as an integration point (source or destination), a connection is counted the first time you are using that connection type. A file could be a text/CSV, XML or Excel file type. After the first time a file is used, unlimited file integration is included without counting towards the connection limit by plan.

What is included in the Monthly Subscription Plan?

Dual use rights to use SmartConnect.com or SmartConnect on-premise (4 installs), so you have the choice to deploy your integrations in the cloud or on-premise. Depending on the plan, we also include other benefits for training, support, templates, and onboarding success plans.

SmartConnect Annual Enhancement Plan (AEP) to Subscription Renewals – Available 1 July 2024

Starting 1 July 2024, eOne is offering transition pricing to customers who have been on a SmartConnect AEP plan. At the customers' next AEP expiry after 1 July 2024, the plan that SmartConnect customers who have been on an Annual Enhancement Plan will be grandfathered into a SmartConnect On-Premise Subscription Plan:

- SmartConnect 8-year Basic AEP will move to a SmartConnect Basic On-Premise Subscription
- SmartConnect 8-year Business AEP will move to a SmartConnect Business On-Premise Subscription
- SmartConnect AEP will move to a SmartConnect Legacy On-Premise Subscription
- SmartConnect 8-year Premium AEP will move to a SmartConnect Premium On-Premise Subscription

These are the default plan transitions, but customers may elect to receive the eOne Transition Discount (60% off for 3 years with a price lock + 20% off for an additional 3 years) on a SmartConnect Business, SmartConnect Premium or iPaaS bundled subscription plan and also opt into additional pre-payment and commitment discounts. The eOne Transition Discounts are available for customers who move to a SmartConnect subscription plan before 31 May 2025. Moving to a full SmartConnect subscription plan is highly recommended as customers have the flexibility to upgrade their connection count and gain experience benefits (additional support, online training and customer success).

SmartConnect On-Premise Plan Pricing – Starting 1 July 2024

SmartConnect On-Premise Subscription Plans include the SmartConnect on-premise product only and very similar benefits to the what customers previously received in their AEP: 2 incidents of support per year, regular hotfixes, service packs, functional releases, two support incidents per year, and the ability to work with eOne's support and services team.

Here are plans that existing SmartConnect AEP customers are grandfathered into starting 1 July 2024:

Monthly Subscription Plan	Type	Number of Connections included	USA (USD)	Canada (CAD)	United Kingdom (GBP)	European (EURO)	Caribbean (USD)	S. American & S. African (USD)	Australia & Asia (AUD); New Zealand (NZD)
