About eOne Pricing

Some eOne products are available to purchase as perpetual licenses with annual enhancement or as monthly subscriptions. Complementary training services and support offerings are available.

For customers on eOne’s perpetual license model, Annual Enhancement Plans (AEP) include regular hotfixes, service packs, functional releases, two support incidents per year, and the ability to work with eOne’s support and services team. Annual Enhancement Plan (AEP) payments are required with perpetual product purchases and are assessed at 20% of the total product price.

Subscription plans are inclusive of the product features and experience benefits, like certain levels of support, training and customer success, depending on the plan.

What is a connection?

A connection refers to any system that you want to integrate to or from and would technically log into as a user. As an example, it may be a Dynamics 365 Sales/CRM organization, a Dynamics 365 Business Central on-premise solution, an Oracle NetSuite account, Salesforce instance or any of our available connections. When you create that connection, you are then able to use it in a data source or as a destination in your integration process.

Please note that for files specifically, when you configure a file as an integration point (source or destination), a connection is counted the first time you are using that connection type. A file could be a text/CSV, XML or Excel file type. After the first time a file is used, unlimited file integration is included without counting towards the connection limit by plan.

What is included in the Monthly Subscription Plan?

Dual use rights to use SmartConnect.com or SmartConnect on-premise (4 installs), so you have the choice to deploy your integrations in the cloud or on-premise. Depending on the plan, we also include other benefits for training, support, templates, and onboarding success plans.

SmartConnect Annual Enhancement Plan (AEP) to Subscription Renewals

As of 1 July 2024, eOne started offering transition pricing to customers who had been on a SmartConnect AEP plan. At the customers' next AEP expiry after 1 July 2024, SmartConnect customers who have been on an Annual Enhancement Plan (AEP) are grandfathered into a SmartConnect On-Premise Subscription Plan:

- SmartConnect 8-year Basic AEP will move to a SmartConnect Basic On-Premise Subscription
- SmartConnect 8-year Business AEP will move to a SmartConnect Business On-Premise Subscription
- SmartConnect AEP will move to a SmartConnect Legacy On-Premise Subscription
- SmartConnect 8-year Premium AEP will move to a SmartConnect Premium On-Premise Subscription

These are the default plan transitions, but customers may elect to receive the eOne Transition Discount (60% off for 3 years with a price lock + 20% off for an additional 3 years) on a SmartConnect Business, SmartConnect Premium or iPaaS bundled subscription plan. The eOne Transition Discount is available for customers who move to a SmartConnect subscription plan before 31 May 2025. Customers may also opt into additional pre-payment and commitment discounts. Moving to a full SmartConnect subscription plan is highly recommended as customers have the flexibility to upgrade their connection count and gain experience benefits (additional support, online training and customer success).

SmartConnect On-Premise Subscription Plan Pricing

SmartConnect On-Premise Subscription Plans include the SmartConnect on-premise product only and very similar benefits to the what customers previously received in their Annual Enhancement Plan (AEP): 2 incidents of support per year, regular hotfixes, service packs, functional releases, two support incidents per year, and the ability to work with eOne's support and services team.

Here is the plan pricing by currency that existing SmartConnect AEP customers are grandfathered into as of 1 July 2024:

Monthly Subscription Plan	Type	Number of Connections included	USA (USD)	Canada (CAD)	United Kingdom (GBP)	European (EURO)	Caribbean (USD)	S. American & S. African (USD)	Australia & Asia (AUD); New Zealand (NZD)
SmartConnect On-Premise Basic Subscription	Price per month	2 per instance	\$140	\$168	£112	€126	\$70	\$70	\$196

SmartConnect On-Premise Legacy Subscription	Price per month	Unlimited per instance	\$220	\$264	£176	€198	\$110	\$110	\$308
SmartConnect On-Premise Premium Subscription	Price per month	8 per instance	\$360	\$432	£288	€324	\$180	\$180	\$504

PRICE LIST Q2 2025

SmartConnect Annual Enhancement Plan (AEP) to SmartConnect Business or Premium Subscription Pricing

As of 1 July 2024, instead of renewing the SmartConnect On-Premise Subscription, existing SmartConnect customers may elect to move to SmartConnect Subscription Plans (Business level or higher) and receive the eOne Transition Discount (if renewed before 31 May 25), which includes:

- Dual use access to SmartConnect.com and SmartConnect on-premise.
- 6 years of discounts (60% off for 3 years with a price lock and 20% off for the following 3 years). Available if renewed by 31 May 2025.
- The ability to upgrade and add connections.
- The SmartConnect Essentials Support Plan, which includes 2 incidents of support per month, regular hotfixes, service packs, functional releases, two escalation support incidents per year, and the ability to work with eOne's support and services team.
- Additional incentives for pre-payment and commitment discounts.

Here is the 60% off SmartConnect pricing for year 1 through 3 that will be available for customers who have been current on a SmartConnect AEP:

Monthly Subscription Plan	Type	USA (USD)	Canada (CAD)	United Kingdom (GBP)	European (EURO)	Caribbean (USD)	S. American & S. African (USD)	Australia & Asia (AUD); New Zealand (NZD)
