PRICE LIST
Q4 2026

Thank you for taking the time to inquire about eOne pricing. Below is the complete price list for eOne Solutions' products and services. If you have any questions or need more information – reach out to the eOne team by emailing sales@eonesolutions.com – we'd be happy to help you!

Note: Regions not specified will be charged using US Pricing. **Sales transactions will be charged in the local currency stipulated by your sales region. No GST applies to sales outside of Australia. Taxes are charged where applicable.**

This pricing sheet is live for ordering on 1 October 2026 – 31 December 2026.

About eOne Pricing

Some eOne products are available to purchase as perpetual licenses with annual enhancement or as monthly subscriptions. Complementary training services and support offerings are available.

For customers on eOne's perpetual license model, Annual Enhancement Plans (AEP) include regular hotfixes, service packs, functional releases, two support incidents per year, and the ability to work with eOne's support and services team. Annual Enhancement Plan (AEP) payments are required with perpetual product purchases and are assessed at 20% of the total product price.

Subscription plans are inclusive of the product features and experience benefits, like certain levels of support, training and customer success, depending on the plan.

About SmartConnect Pricing

SmartConnect is eOne Solutions' no-code iPaaS (integration platform as a service) that connects Microsoft Dynamics, Salesforce, NetSuite, and other business systems, letting teams build, schedule, and monitor data integrations and migrations without custom development. It supports both cloud and on-premise deployments, with pre-built connectors, drag-and-drop mapping, and built-in error handling designed for mid-market ERP and CRM environments.

SmartConnect is purchased as a monthly subscription plan. SmartConnect monthly subscription plans are designed to be inclusive of dual use rights to SmartConnect on-premise and online with certain levels of training, technical support, templates and services at reduced rates included, depending on the plan.

SmartConnect Monthly Subscription Plan Benefits

As of 1 October 2026**,** every SmartConnect plan received more capability at the same price. With the new SmartConnect release, Startup, Business and Premium customers all receive higher record limits, longer log retention, and new platform capabilities.

Actual pricing is calculated and quoted in the eOne Shop. Customers may bundle SmartConnect in an iPaaS plan, choose their next renewal dates (a 12-month initial commitment is required), and select pre-payment incentives (save 5% for 1 year, 10% for 2 years, or 15% for 3 years). Regional currency pricing for these plans is shown in the SmartConnect Monthly Subscription Plans table below.

Updated SmartConnect Plan Limits & Benefits

Plan Item	Startup	Business	Premium
Price per Month (USD)	$350	$650	$1,250
Plan Focus	Basic starter level for initial bulk + ongoing integration	Full power of SmartConnect + Essential Support	Premium connectors + customized support
Connections Included (per online and on-premise deployment)	2 Standard	5 Standard	8 total – 1 Premium + 7 Standard
Records Processed per Month**	Unlimited for 3 months, then 25,000/month (5x increase)	Unlimited for 3 months, then 500,000/month (5x increase)	Unlimited for 3 months, then 2,000,000/month (4x increase)
Scheduler Frequency**	Up to once per hour	Up to once every 5 minutes	Up to once every 5 minutes
Process Log Detail History	7 days	21 days (increased)	30 days (increased)
Audit Log Retention* (NEW)	1 year	2 years	3 years
Version Restore from Audit* (NEW)	–	–	Included
SmartConnect API	–	Included	Included

PRICE LIST
Q4 2026

Plan Item	Startup	Business	Premium
MCP & CLI Servers* (NEW)	–	Included	Included
In-App AI Assistant* (NEW – coming late 2026)	Docs & guidance	Full assistant	Full assistant
SmartConnect Excel Add-in	Included	Included	Included
Users	Unlimited	Unlimited	Unlimited
Integration Processes	Unlimited	Unlimited	Unlimited
SmartConnect Online Deployment	1 included	1 included	1 included
SmartConnect On-Premise Deployment	Up to 4 installs	Up to 4 installs	Up to 4 installs
Support	None	Essential	Essential
SmartConnect Bootcamp Pass (1 per plan)	–	–	Included
Annual Integration Health Check & Report	–	–	Included

Additional Premium Connections	Not available	$200 each/month (limit 2)	$150 each/month (limit 5)
Dedicated Scheduling Service* (NEW)	Not available	Not available	$500 per month

* Requires the new SmartConnect.

** Record and scheduling limits apply to SmartConnect online only.

Premium connections are Dynamics 365 Finance & Operations and Oracle NetSuite. (NEW) = feature that did not exist before.

New SmartConnect Capabilities

In-App AI Assistant (all tiers, coming late 2026): A context-aware AI assistant embedded in the SmartConnect workspace. On Startup, a help assistant surfaces relevant documentation, answers setup questions and guides troubleshooting in the app. On Business and Premium, the full assistant builds data sources, maps fields and configures integrations end-to-end.

Dedicated Scheduling Service (Premium add-on, $500/month): An optional add-on for high-volume customers that runs scheduled integrations on isolated infrastructure, unaffected by other tenants. It removes the noisy-neighbor problem for time-sensitive workflows and delivers the predictability of on-premise scheduling in a cloud environment.

Customer Success at every tier: Startup includes basic onboarding; Business includes guided onboarding with hands-on setup support; Premium includes a dedicated Customer Success Manager with quarterly check-ins, priority escalations and an annual integration health check.

SmartConnect Enterprise Plan

Enterprise is a custom-quoted plan for organizations whose volume, complexity or compliance needs go beyond Premium – for example, moving millions of records a month, connecting more systems than an 8-connection plan covers, operating in a regulated industry, or preferring that the eOne team build and run integrations for them.

Enterprise includes unlimited records (no monthly record limit), dedicated processing capacity with guaranteed throughput, extended process log history beyond Premium's 30-day window, telemetry exports to existing observability or SIEM tooling, and managed services in which the eOne team builds, runs and maintains integrations.

Contact sales@eonesolutions.com for a custom Enterprise quote.

SmartConnect Migration

SmartConnect Migration remains $1,500 USD for a 3-month license for imports, including an on-premise license, unlimited connections, unlimited imports and the Excel Add-in. No support is included.

What is a connection?

A connection refers to any system that you want to integrate to or from and would technically log into as a user. As an example, it may be a Dynamics 365 Sales/CRM organization, a Dynamics 365 Business Central on-premise solution, an Oracle NetSuite account, Salesforce instance or any of our available connections. When you create that connection, you are then able to use it in a data source or as a destination in your integration process.

Please note that for files specifically, when you configure a file as an integration point (source or destination), a connection is counted the first time you are using that connection type. A file could be a text/CSV, XML or Excel file type. After the first time a file is used, unlimited file integration is included without counting towards the connection limit by plan.

Record Pack Add-on (250k records)	Per month	Per pack	$100	$120	£80	€90	$50	$50	$140

SmartConnect Annual Enhancement Plan (AEP) to Subscription Renewals

As of 1 July 2024, eOne started offering transition pricing to customers who had been on a SmartConnect AEP plan. At the customers' next AEP expiry after 1 July 2024, SmartConnect customers who had been on an Annual Enhancement Plan (AEP) were be grandfathered into a SmartConnect On-Premise Subscription Plan:

- SmartConnect 8-year Basic AEP moved to a SmartConnect Basic On-Premise Subscription
- SmartConnect 8-year Business AEP moved to a SmartConnect Business On-Premise Subscription
- SmartConnect AEP moved to a SmartConnect Legacy On-Premise Subscription
- SmartConnect 8-year Premium AEP moved to a SmartConnect Premium On-Premise Subscription

These have been the default plan transitions, but customers have had the opportunity to elect a SmartConnect Business, SmartConnect Premium, or iPaaS bundled subscription plan. Customers may opt into additional pre-payment and commitment discounts. Moving to a full SmartConnect subscription plan is highly recommended as customers have the flexibility to upgrade their connection count and gain experience benefits (additional support, online training, and customer success).

SmartConnect On-Premise Subscription Plan Pricing

SmartConnect On-Premise Subscription Plans include the SmartConnect on-premise product only and very similar benefits to what customers previously received in their Annual Enhancement Plan (AEP): 2 incidents of support per year, regular hotfixes, service packs, functional releases, two support incidents per year, and the ability to work with eOne's support and services team.

Here is the plan pricing by currency that existing SmartConnect AEP customers were grandfathered into as of 1 July 2024:

Monthly Subscription Plan	Type	Number of Connections included	USA (USD)	Canada (CAD)	United Kingdom (GBP)	European (EURO)	Caribbean (USD)	S. American & S. African (USD)	Australia & Asia (AUD); New Zealand (NZD)
SmartConnect On-Premise Basic Subscription	Price per month	2 per instance	$140	$168	£112	€126	$70	$70	$196
SmartConnect On-Premise Business Subscription	Price per month	5 per instance	$220	$264	£176	€198	$110	$110	$308
SmartConnect On-Premise Legacy Subscription	Price per month	Unlimited per instance	$220	$264	£176	€198	$110	$110	$308
SmartConnect On-Premise Premium Subscription	Price per month	8 per instance	$360	$432	£288	€324	$180	$180	$504

SmartConnect Annual Enhancement Plan (AEP) to SmartConnect Business or Premium Subscription Pricing

As of 1 July 2024, instead of renewing the SmartConnect On-Premise Subscription, existing SmartConnect customers may elect to move to SmartConnect Subscription Plans (Business level or higher), which include:

- Dual use access to SmartConnect.com and SmartConnect on-premise.
- The SmartConnect Plan Benefits.
- The ability to upgrade and add connections.
- The SmartConnect Essentials Support Plan, which includes 2 incidents of support per month, regular hotfixes, service packs, functional releases, two escalation support incidents per year, and the ability to work with eOne's support and services team.
- Additional incentives for pre-payment and commitment discounts.

About DataBlend Pricing

DataBlend is an accounting- and finance-focused iPaaS (integration platform as a service) built to help teams connect their financial systems quickly. Pricing is structured around the number of connected applications and the number of automated workflows a customer needs, with plans that scale from small teams running a couple of integrations up to enterprise organizations running many connections at high volume.

Below is a summary of the published DataBlend subscription plans along with add-on pricing for additional applications, workflows, and connections. Organizations with needs beyond the Enterprise License tier can request custom pricing directly from DataBlend at info@datablend.com.

DataBlend Subscription Plan Benefits

DataBlend offers four plan tiers: Starter, Select, Enterprise, and Custom. Each plan is billed annually and includes a set number of connected applications, workflows, and admin users, with straightforward add-on pricing for scaling beyond those limits.

Plan Item	Starter	Select	Enterprise	Custom
Starting Price (USD/Year)	From $6,000/yr	From $12,000/yr	Starting at $20,000/yr	Call for Pricing
Applications / Systems Included	2	5	5 apps for $20,000/yr — or 10 apps for $35,000/yr	5+
Workflows Included	Up to 3	Up to 10	Unlimited (with additional connection add-on)	Custom, based on scope
Admin Users Included	2	2	5	Custom
Additional Application*(Includes 1 additional workflow)	$2,400/yr	$2,400/yr	See Additional Connection pricing	Custom
Additional Workflow*	$600/yr	$600/yr	Included with Additional Connection	Custom
Additional Connection w/ Unlimited Workflows	Not available	Not available	$5,000/yr per connection**	Custom
Professional Services Package (PSP)	Not included	Not included	$5,000/yr (5-app tier) or $10,000/yr (10-app tier)	Custom

DataBlend Plan Notes

- Select is DataBlend's most popular plan, balancing application/workflow capacity with cost for growing teams.
- Starter and Select plans include two admin users; Enterprise License includes five.
- * Additional application and workflow pricing shown for Starter and Select applies to new customers and is billed annually.
- ** Enterprise License additional-connection pricing includes unlimited workflows for that connection; usage is subject to periodic review for unusually high activity.
- Enterprise License scales in defined tiers — 5 applications/systems at $20,000/yr (plus a $5,000/yr Professional Services Package) or 10 applications/systems at $35,000/yr (plus a $10,000/yr Professional Services Package).
- Organizations needing 5+ applications with specialized requirements can request Custom pricing from DataBlend's sales team (info@datablend.com).

DataBlend Subscription Plans & Add-ons

Monthly Subscription Plan	Type	USA (USD)	Canada (CAD)	United Kingdom (GBP)	European (EURO)	Caribbean (USD)	S. American & S. African (USD)	Australia & Asia (AUD); New Zealand (NZD)
DataBlend Starter	Price per month	$500	$715	£400	€480	$500	$500	$725
DataBlend Select	Price per month	$1000	$1435	£790	€960	$1000	$1000	$1585
DataBlend Enterprise (5 apps + unlimited workflows)	Price per month	$1665	$2375	£1665	€1665	$1665	$1665	$2750
DataBlend Enterprise (10 apps + unlimited workflows)	Price per month	$2915	$3885	£2295	€2535	$2915	$2915	$4860
Additional Application (Starter / Select)	Price per year	$2,400	$3500	£1900	€2300	$2,400	$2,400	$3800
Additional Workflow (Starter / Select)	Price per year	$600	$900	£500	€600	$600	$600	$950
Additional Connection w/ Unlimited Workflows (Enterprise License)	Price per year	$5,000	$6665	£4165	€4790	$5,000	$5,000	$7250

About Popdock Pricing

Popdock is eOne Solutions' virtual integration and reporting tool that lets you access, combine, and act on data from ERP, CRM, and other business systems in real time — without physically moving or duplicating it. It's commonly used for embedding live data in the apps your team already works in, self-service reporting, and archiving historical data during system migrations, all without custom development.

Popdock is purchased as a monthly subscription plan. Popdock monthly subscription plans are designed to be inclusive of Popdock, eOne's complete SmartList Suite (at the Business level and higher), self-paced training, technical support, and specific functionality per plan.

The last update of Popdock subscription pricing and transition plans for existing subscription customers started on 1 June 2024.

By renewing Popdock, Dynamics GP customers get access to eOne's complete SmartList reporting suite for GP, which includes SmartList Builder, SmartView, and Popdock.

Popdock Plan Benefits

Included below is eOne's Popdock subscription pricing for new customer purchases, which started on 1 June 2024. For needs that exceed what's included in the Popdock Premium Plan, customers and partners can request Enterprise custom pricing from sales@eonesolutions.com.

Please note that pre-payment and commitment discounts are available at the eOne Shop to apply with the following pricing.

Plan Item	Startup	Business	Premium

About PopdockAI Pricing

PopdockAI is eOne's AI-ready evolution of Popdock, connecting your business data and workflows directly to AI clients like Claude, Microsoft Copilot, and ChatGPT through the Model Context Protocol (MCP) — giving AI assistants secure, governed access to real business data and actions without custom integration work.

PopdockAI is purchased as a monthly subscription plan, billed annually. Every PopdockAI plan includes the full Popdock platform, unlimited connectors, and unlimited users, with plans differentiated primarily by monthly task volume — from Startup up through Enterprise.

Existing Popdock subscription customers can migrate to a PopdockAI plan at their next renewal date; PopdockAI replaces the prior Popdock subscription rather than adding a second one, while carrying forward everything included in the current plan.

PopdockAI plans can also be extended with SmartConnect + PopdockAI or DataBlend + PopdockAI automation add-ons, giving customers iPaaS-style workflow automation on top of their existing PopdockAI subscription.

PopdockAI Plan Benefits

Included below is a summary of PopdockAI's published subscription plans and the benefits included with each. All plans ship with the full Popdock platform, unlimited connectors, and unlimited users; plans are differentiated primarily by monthly task volume. Organizations with needs beyond the Professional plan can contact PopdockAI's sales team for Enterprise pricing.

Contact sales@eonesolutions.com to get your quote and get started.

Plan Item	Startup	Business	Premium	Enterprise
Plan Price per Month (USD)*	$450	$950	$1,950	Custom
Best-Fit Team Size (avg. users)	1 – 5	5 – 50	50 – 100	100+

SmartConnect + PopdockAI Add-on — 5 Connections	Add-on	Add-on	Add-on	Add-on
DataBlend + PopdockAI Add-on — 2 Connections	Add-on	Add-on	Add-on	Add-on
DataBlend + PopdockAI Add-on — 5 Connections	Add-on	Add-on	Add-on	Add-on
Annual Billing Discount	Save 5%	Save 5%	Save 5%	Save 5%

* Pricing shown reflects standard monthly rates; annual billing is available and saves 5%. Regional pricing, eOne AI bundles, and existing-Popdock-customer transition pricing are available upon request.

** One task equals one MCP action (e.g., retrieving a data set, running a workflow, reading a file, or running a tool action). Most workflows consist of 2–3 tasks, so plan task limits support a proportionally larger number of full workflows per month.

PopdockAI Monthly Subscription Pricing

Product	Details	USA (USD)	Canada (CAD)	United Kingdom (GBP)	European (EURO)	Caribbean (USD)	S. American & S. African (USD)	Australia & Asia (AUD); New Zealand (NZD)

Recommendations

Whether you have decided on an on-premise or cloud-based solution, it is highly recommended that each customer receives training and support on the products. We offer a wide variety of support and training options, as well as a service team that can act as an extension to your team if you do not have time to implement your project. Please take a look at the training, support, and service offerings for more information. If you'd like more details, please reach out to sales@eonesolutions.com.
